Who We Are

About Us

Australian & NZ Doctors in Recovery (ADR) is a fellowship of health professionals (doctors, dentists and vets) in Australia and New Zealand who are in recovery from addiction to alcohol and other drugs.

Every March we hold a conference for recovering doctors in Australia and New Zealand. We also warmly welcome our friends from USA, Canada, Hong Kong and UK who on a regular basis attend our conference.

Scholarships are available for non-working participants attend, meaning your registration will be free. You should make contact as below and return a completed registration form, indicating which days/dinners you will attend (for catering purposes). For working participants, we welcome contributions to the scholarship fund.
